Holistic therapy is only one sector in which VTCT offers qualifications. Beauty therapy, hairdressing, nail services, sports therapy and health & fitness are all covered in our continually expanding range. These are all backed up by related qualifications enabling candidates to work confidently in their chosen field. Related qualifications include:

**Level 3 Diploma in Health, Safety, Security and Employment Standards**

**Level 3 Diploma in Anatomy and Physiology**

**Level 2 Certificate for Service Sector Receptionists**

**Level 2 Certificate in Emergency First Aid**

**Level 3 Diploma in Non-Medical Nutritional Advice**

There are many others currently available or in development for the future, details of which can be found by going to our Web site at [www.vtct.org.uk](http://www.vtct.org.uk).

So if you fancy a career as a massage therapist, or maybe as a holistic consultant, or perhaps you wish to run your own business, remember...

**“...the future’s in your hands”**

**Looking for a change of career?  
Do you like being hands-on?  
Holistic therapies may offer you  
what you are looking for.**

VTCT is a large specialist awarding body offering qualifications in the field of holistic and complementary therapies. With 45 years in the industry, the quality of support offered to candidates and tutors is assured. All qualifications are mapped against national occupational standards, making them relevant to industry and the best way for launching a career in holistic therapies. They are assessed and verified in a realistic working environment, letting candidates progress at their own pace. They are delivered at over 500 colleges of further education, and other training organisations throughout the United Kingdom, with an increasing number of international centres now offering the qualifications worldwide.
