

D1080 Level 3 Diploma in Reflexology (an appropriate previous qualification, eg VTCT Level 3 Diploma in Reflexology and VTCT Units VR02 & VR74 are pre-requisites for this qualification)

Aim: To enable candidates who already hold a qualification in reflexology, to develop their techniques by working with a range of conditions in order to build a range of case studies to prove their competence

Objectives:

to develop knowledge and understanding of the uses and limits of interpersonal skills and their integration with physical therapies

to become competent in assessing clients with a range of conditions

to develop skills in the application of additional reflexology techniques
