

D1120 Level 3 Diploma in Health, Safety, Security and Employment Standards
(pre-requisite to most VTCT vocationally related qualifications - completing this diploma before working on clients is considered good practice, as the knowledge needed for these units underpins all skill areas)

Aim: To understand the importance of implementing and maintaining high standards of health, safety and security in the workplace

Objectives:

to identify potential hazards through risk assessment, as well as dealing with more obvious dangers

to develop knowledge and understanding of employment standards involving professionalism, equality for customers and colleagues, hygienic practices, community involvement, supporting protection from emotional and physical abuse, cost effectiveness, and how to enhance the image of the workplace
