Barbering

Welcome to our 2021-2022 world-class iTEC & VTCT Qualifications portfolio.

Combined, iTEC & VTCT have been Awarding Organisations for over 120 years and offer high-quality, regulated qualifications and assessments in over 40 countries.

We also offer market-leading resources. You have access to our world-class digital resource <u>Pivot Point LAB</u> included as part of your registration fee. The content is exclusive to iTEC and VTCT and is mapped to Level 2 and 3 Barbering and Hairdressing, and Level 2 Beauty Therapy qualifications.

You will find included in this book our career pathway, which clearly illustrates the number of career options available. You can use this tool as you assist your learners in planning their dream career. Free copies are available to download through these links: itecworld.co.uk/pathways or vtct.org.uk/pathways

This book also includes the minimum expenditure requirements, services fees, unit fees and price lists, for your information.

Following each price list is a brief description of the qualifications available from 1 August 2021. More in-depth information on these qualifications can be found on our websites through these links: iteeworld.co.uk/find-a-qualification or vtct.org.uk/find-a-qualification

We want you to have the most up-to-date information; therefore we will always include the latest version of every important document behind the centre login sections of the websites. We encourage you to refer to this section for updates and to access the latest copy of the price list.

Minimum Spend Requirements

To ensure we can continue to provide a high level of service to all of our centres through our External Quality Assurance, Examinations, Customer Support and ICT services, we have created the service fee structure presented on the following page.

iTEC Centres

For all iTEC centres, we have a minimum cohort fee of £700. The fee for iTEC qualifications is based on the requirement for a practical examination. Your centre will be invoiced for the difference between your booking and the minimum cohort fee of £700.

VTCT Centres

For all VTCT centres located in the United Kingdom, the amount of the minimum expenditure is £700. If on 31st July your Annual Expenditure remains below £700, you will receive an invoice for the difference e.g. if as a centre you have only been invoiced a total of £500, you will then be invoiced for the £200 shortfall. The invoice will be dated the 31st July and VTCT's usual 30 day payment terms will apply.

Dual Branded Centres

VTCT has in place a minimum expenditure requirement for each financial year (1st August – 31st July). Any centre that wants to offer both iTEC & VTCT qualifications within the UK will be required to meet a minimum expenditure of £700.

Only spend which results in an invoice directly to your VTCT provision can contribute to your minimum expenditure requirement. All iTEC qualifications will be invoiced as per the iTEC minimum cohort fee (see above). Please note: Invoices relating to practical bookings will not contribute towards VTCT minimum expenditure due to their different quality assurance arrangements.

Exceptions

There is a minimum cohort fee of £500 for centres offering Level 4 & 5 Non-medical Aesthetic qualifications. If the minimum fee is not met by the number of students being examined, the difference will be invoiced to meet the £500 value.

For centres only delivering the Technical Award qualification (AM20530), the minimum expenditure requirement is £500.

For centres only delivering the new Apprenticeship Standards qualifications, there is no minimum expenditure requirement. These qualifications are assessed through separately chargeable End-point Assessments.

Unit Fees (VTCT)

In addition to our complete portfolio of world-class qualifications, VTCT offers the opportunity to purchase individual units from certain qualifications. The purpose of our individual units is to allow learners to supplement knowledge or demonstrate achievement of specific skills. These units can be added on to other qualifications.

Credit value is used to determine the prices for individual units. If a unit has no credit value assigned to it, Guided Learning Hours (GLH) are used to determine price.

VTCT unit books can be purchased through our Digital Store Front and a link to this site can be found through <u>Linx2Product</u>.

VTCT (ITEC) Level 2 Awards in **Infection Prevention (COVID-19)**

In response to the Coronavirus pandemic, we have developed a number of sector-specific, Government regulated COVID-19 Infection Prevention qualifications for different industries. These Level 2 awards are now prerequisites for a number of qualifications; you can see which qualifications these apply to by looking for this symbol (•) in the tables throughout this book. They will have a corresponding symbol to the qualifications on this page.

With each of these qualifications, learners will develop knowledge on the importance of social responsibility, the causes, transmission and effects of COVID-19, and the methods used to control transmission, such as correct hand hygiene and the use of Personal Protective Equipment (PPE). They will also gain an understanding of the safe working practices required in order to protect themselves and their clients.

End-point Assessment

The End-point Assessment cost is dependent on the number of apprentices undertaking an End-point Assessment within an approved End-point Assessment Centre, at any one time. The training provider will be invoiced for End-point Assessment services from the date of the EPA. Our invoice terms are 30 days. When the apprentice is deemed ready for their End-point Assessment and has passed gateway, the training provider can book the EPA through Smart EPA (SEPA).

The following costs are for an employer/training provider using either the apprentice's barbershop or their own academy for the EPA:

Number of apprentices for EPA*				
2–3 apprentices is a Base Cost of £700. 4–8 apprentices is the Base Cost of £700 plus £150 per additional apprentice				
1 apprentice = £525	5 apprentices = £1000			
2 apprentices = £700	6 apprentices = £1,150			
3 apprentices = £700	7 apprentices = £1,300			
4 apprentices = £850	8 apprentices = £1,450			

^{*}Centres that wish to assess 9 or more apprentices at one time, will incur an additional base cost to cover a second day, or second Apprenticeship Assessor on the same day. A maximum of 16 apprentices can be assessed in one day which break down to 2 groups of 8 apprentices.

Glossary of Terms

The following terms are used throughout this book. Please see below for clarification on any of these terms. If you find you still have additional questions about any of our qualification listings, please contact <u>Customer Support</u> directly.

Award: This describes the size of a qualification in terms of Total Qualification Time (TQT) (comprising both supervised and unsupervised study) required by an average learner. An Award has a TQT of 120 hours or less.

Certificate: This describes the size of a qualification in terms of Total Qualification Time (TQT) (comprising both supervised and un-supervised study) required by an average learner. A Certificate has a TQT of 121-369 hours.

Credits: This is the number of credits awarded upon successful achievement of all unit outcomes. Credit is a numerical value that represents a means of recognising, measuring, valuing and comparing achievement.

Diploma: This describes the size of a qualification in terms of Total Qualification Time (TQT) (comprising both supervised and un-supervised study) required by an average learner. A Diploma has a TQT of 370 hours or more.

GLH: This refers to Guided Learning Hours. These are defined as all times when a member of staff is present to give specific guidance towards the learning aim being studied on a programme. It includes any activity of a learner in being taught or instructed by – or otherwise participating in education or training under the immediate guidance or supervision of – a lecturer, supervisor, tutor or other appropriate provider of education or training. No learner is required to take a certain amount of time; some may take less and some may take more time. Qualifications can sit at different levels, but require similar or different amounts of study and assessment time.

Product Code: This is a unique, identifying code which is assigned to every qualification. The code identifies the sector, level and qualification type. You can learn more about product codes here: itecworld.co.uk/qualification-product-codes.

QN: This is the unique number assigned to a qualification upon successful submission to Ofqual's Register of Regulated Qualifications.

Qualification Title: Some qualifications have had title amendments to ensure they are most representative of the qualification's content.

TQT: This is the **Total Qualification Time**, a term used within qualifications regulated by Ofqual as part of the Regulated Qualification Framework (RQF). It aims to provide an indication of the minimum length of time it would take the average learner to complete their qualification. This includes the number of hours an awarding organisation has assigned to a qualification for Guided Learning and an estimate of the number of hours a learner will reasonably be likely to spend in preparation, study, or any other form of participation in education or training. This includes assessment, which takes place as directed – but, unlike Guided Learning, not under the immediate guidance or supervision of – a lecturer, supervisor, tutor or other appropriate provider of education or training.
