## **Minimum Spend Requirements (UK)**

To ensure we can continue to provide a high level of service to all of our centres through our External Quality Assurance, Examinations, Customer Support and ICT services, we have created the service fee structure presented on the following page.

#### **iTEC Centres**

For all iTEC centres, we have a minimum cohort fee of £700. The fee for iTEC qualifications is based on the requirement for a practical examination. Your centre will be invoiced for the difference between your booking and the minimum cohort fee of £700.

#### **VTCT Centres**

For all VTCT centres located in the United Kingdom, the amount of the minimum expenditure is £700. If on 31st July your Annual Expenditure remains below £700, you will receive an invoice for the difference e.g. if as a centre you have only been invoiced a total of £500, you will then be invoiced for the £200 shortfall. The invoice will be dated the 31st July and VTCT's usual 30 day payment terms will apply.

#### **Dual Branded Centres**

VTCT has in place a minimum expenditure requirement for each financial year (1st August – 31st July). Any centre that wants to offer both iTEC & VTCT qualifications within the Republic of Ireland will be required to meet a minimum expenditure of £700.

Only spend which results in an invoice directly to your VTCT provision can contribute to your minimum expenditure requirement. All iTEC qualifications will be invoiced as per the iTEC minimum cohort fee (see above). Please note: Invoices relating to practical bookings will not contribute towards VTCT minimum expenditure due to their different quality assurance arrangements.

#### **Exceptions**

There is a minimum cohort fee of £575 for centres offering Level 4 & 5 Non-medical Aesthetic qualifications. If the minimum fee is not met by the number of students being examined, the difference will be invoiced to meet the £575 value.

## **Glossary of Terms**

The following terms are used throughout this book. Please see below for clarification on any of these terms. If you find you still have additional questions about any of our qualification listings, please contact <u>Customer Support</u> directly.

**Award:** This describes the size of a qualification in terms of Total Qualification Time (TQT) (comprising both supervised and unsupervised study) required by an average learner. An Award has a TQT of 120 hours or less.

**Certificate:** This describes the size of a qualification in terms of Total Qualification Time (TQT) (comprising both supervised and un-supervised study) required by an average learner. A Certificate has a TQT of 121-369 hours.

**Credits:** This is the number of credits awarded upon successful achievement of all unit outcomes. Credit is a numerical value that represents a means of recognising, measuring, valuing and comparing achievement.

**Diploma:** This describes the size of a qualification in terms of Total Qualification Time (TQT) (comprising both supervised and un-supervised study) required by an average learner. A Diploma has a TQT of 370 hours or more.

**GLH:** This refers to Guided Learning Hours. These are defined as all times when a member of staff is present to give specific guidance towards the learning aim being studied on a programme. It includes any activity of a learner in being taught or instructed by – or otherwise participating in education or training under the immediate guidance or supervision of – a lecturer, supervisor, tutor or other appropriate provider of education or training. No learner is required to take a certain amount of time; some may take less and some may take more time. Qualifications can sit at different levels, but require similar or different amounts of study and assessment time.

**Product Code:** This is a unique identifying code, which is assigned to every qualification. The code identifies the sector, level and qualification type. You can learn more about product codes here: <a href="itecworld.co.uk/qualification-product-codes">itecworld.co.uk/qualification-product-codes</a>.

**QN:** This is the unique number assigned to a qualification upon successful submission to Ofqual's Register of Regulated Qualifications.

**Qualification Title:** Some qualifications have had title amendments to ensure they are most representative of the qualification's content.

**TQT:** This is the **Total Qualification Time**, a term used within qualifications regulated by Ofqual as part of the Regulated Qualification Framework (RQF). It aims to provide an indication of the minimum length of time it would take the average learner to complete their qualification. This includes the number of hours an awarding organisation has assigned to a qualification for Guided Learning and an estimate of the number of hours a learner will reasonably be likely to spend in preparation, study, or any other form of participation in education or training. This includes assessment, which takes place as directed – but, unlike Guided Learning, not under the immediate guidance or supervision of – a lecturer, supervisor, tutor or other appropriate provider of education or training.
