EPA Independent Assessment Examiner (IAE) Oral Questioning Record

Purpose: The oral questioning record is a tool to support an Independent Assessment Examiner in the grading of the Hairdressing End Point Assessment. This is used to gain clarification on areas that have not naturally occurred during the practical assessment.
This is a compulsory part of the End Point Assessment.

Rationale: *For example:
Explain the benefits of the selected cutting techniques and the methods used during the service.*

Modifications: *For example:
Following the consideration of any influencing factors, how did you modify the service?*

Service specific questions: *Explain your reasons for the selected products and techniques used during the colour application.*
