VTCT

A Traineeship is a pre-apprenticeship course designed to prepare a learner for work or an apprenticeship. It will have work experience at the heart of the course and can last up to 6 months.

A traineeship is suitable for learners who are:

- Eligible to work in England
- Unemployed and have little or no work experience
- Aged 16 to 24 and qualified below Level 3

A learner on a traineeship will not be paid, but may be given expenses for things like travel and meals.

VTCT has created 10 packages of small qualifications that directly support the Traineeship model.

The main qualifications at the heart of the Traineeship packages, are the practical based graded hair and beauty skills qualifications that are unique to VTCT.

There are five sizes of qualification at each level to choose from: Award, Extended Award, Certificate, Extended Certificate or Diploma. The bigger the qualification the longer the traineeship.

A Traineeship can be tailored to meet the needs of the learner by choosing one qualification from each section (at the appropriate level) to fulfill the requirements of the traineeship model.

(Nb. Functional Skills – if a learner does not have a GCSE in Math's and/or English they must undertake functional skills at the appropriate level. This package price includes both Math's and English at Level 1 or Level 2).
