

Sample Risk Assessment for End-point Assessments

The purpose of this document is to support training providers, employers and apprentices and to provide guidance of how to complete a risk assessment during the COVID-19 pandemic for an End-point Assessment (EPA).

What is Coronavirus disease?

Coronavirus disease (COVID-19) is an infectious disease caused by a newly discovered Coronavirus. Most people infected with the COVID-19 virus will experience mild to moderate respiratory illness and recover without requiring special treatment.

What are the hazards?	Who may be harmed and how?	What controls are already in place?	What further action is required?	Action by whom	Action by when	Complete
Transmission of COVID-19 Coronavirus	<ul style="list-style-type: none"> Apprentice Client Apprenticeship Assessor Exam Assistant Vulnerable groups – Elderly, those with existing underlying health conditions and those who are pregnant 	Hand washing facilities	Hand sanitisers and tissues to be provided within the exam environment. Provide further training for apprentices and staff following Government guidelines	All apprentices, clients and staff	All apprentices, clients and staff	13/05/2020
